

ACCEPTABLE USE POLICY

LAST UPDATED ON MARCH 12, 2009

You are strongly encouraged to read the entire agreement and check WWW.SKYRIM.COM for changes and updates periodically.

SKYRIM seeks to create and foster an online community that can be used and enjoyed by all its customers. To further that goal, SKYRIM has developed an Acceptable Use Policy. Although much of what is included here is common sense, SKYRIM takes these issues very seriously and will enforce its rules to ensure enjoyment by all its customers. SKYRIM therefore has reserved the right to remove any content posted to its system, which it deems offensive, inappropriate, or in violation of its policies. It also reserves the right to suspend or cancel a customer's account and use of SKYRIM systems and/or services for engaging in inappropriate conduct or conduct that may overburden or become excessive to SKYRIM systems and/or services (Customers, of course, also remain legally responsible for any such acts). In using SKYRIM, customers accept these restrictions as well as those set forth in the Service Agreement and agree to use the Service only for lawful purposes and not to use or allow others to use SKYRIM:

1. To post or transmit hate speech, threats of physical violence, or harassing content;
2. To post or transmit material in violation of copyright laws.
3. To post or transmit content that is legally obscene or violates child pornography statutes or contain graphic visual depictions of sexual acts, visual depictions or sexually explicit conduct involving children, or depiction of children, the primary appeal of which is prurient;
4. To post or transmit other sexually oriented material that, in the specific context, is offensive or inappropriate;
5. To post or transmit commercial bulk e-mail from a residential/personal account without prior written approval of SKYRIM
6. To post off-topic or commercial messages on bulletin boards;
7. To engage in illegal, unlawful, or tortuous conduct or other conduct that interferes with SKYRIM ability to provide Service or interferes with the rights of others including, but not limited to libel, invasions of privacy, consumer fraud, unauthorized dissemination of trade secrets, violation of trademark laws, hacking, or transmittal of commercially restricted information.
8. To run packet sniffers, decoders, analyzers, password gatherers, or other similar tools for any purpose whatsoever.

Subscribers/Customers will not resell SKYRIM Service, or any portion thereof, or otherwise charge others to use SKYRIM, or any portion thereof. Further, Customer will not redistribute the SKYRIM Service, or any portion thereof, whether or not Customer receives compensation for such redistribution.

(a) You may not reproduce, duplicate, copy, sell, provision, resell, rent, lease, lend, pledge, directly or indirectly transfer, distribute or exploit any portion of the Service without prior written consent from SKYRIM. You will not use the Service in a manner prohibited by any federal, state, or local law or regulation, and will abide by SKYRIM Policies, which set forth additional rules that govern your activity in connection with the Service. Without limiting the foregoing, you may not use the Equipment or Service, or allow the Equipment or Service to be used, for any abusive purpose or in any way that damages SKYRIM property or interferes with or disrupts SKYRIM Network, SKYRIM Services or other users or subscribers. You may not attempt to circumvent user authentication or security of any host, network, or account (also known as "cracking" or "hacking"). This includes, but is not limited to, accessing data not intended for you, logging into a server or account that you are not expressly authorized to access, or probing the security of other networks. You may not attempt to interfere with service to any user, host, or network ("denial of service attacks"). This includes, but is not limited to; "flooding" of networks, deliberate attempts to overload a service, and attempts to "crash" a host. You may not use any kind of program/script/command, or send messages of any kind, designed to interfere with a user's session, by any means, locally or via the Internet. You may not use the Service or take any action that will result in excessive consumption or utilization of SKYRIM system or network resources, or which may weaken network performance, or which adversely affects the performance of the Service for other SKYRIM customers, all as determined in SKYRIM sole discretion. You agree not to access the Service simultaneously through multiple unauthorized units (such as by duplicating or cloning characteristics of another network device) or to authorize any other individual or entity to use the Service. You agree that sharing the Service with another party breaches the Agreement and may constitute fraud or theft, for which SKYRIM, its affiliates, and their agents and suppliers reserve all rights and remedies.

(b) You agree not to use or attempt to use the Service, the SKYRIM Network or website, or Equipment or any device for any fraudulent, unlawful, harassing or abusive purpose, or so as to damage or cause risk to our business, reputation, employees, subscribers, facilities, or to any person. Improper uses include, but are not limited to: (i) Violating any applicable law or regulation; (ii) Posting or transmitting content you do not have the right to post or transmit; (iii) Posting or transmitting content that infringes a third party's trademark, patent, trade secret, copyright, publicity, privacy, or other right; (iv) Posting or transmitting content that is unlawful, untrue, stalking, harassing, libelous, defamatory, abusive, tortuous, threatening, obscene, hateful, abusive, harmful or otherwise objectionable as determined in our sole discretion; (v) Attempting to intercept, collect or store data about third parties without their knowledge or consent; (vi) Deleting, tampering with or revising any material posted by any other person or entity; (vii) Accessing, tampering with or using non-public areas of the Service or any SKYRIM website or SKYRIM computer systems or network; (viii) Attempting to probe, scan or test the vulnerability of a system or network or to breach security or authentication measures; (ix) Attempting to access or search the Service or any SKYRIM network or website with any engine, software, tool, agent, device or mechanism other than the software and/or search agents provided by us or other generally available third party web browser; (x) Sending or attempting to send unsolicited messages, including without limitation, promotions or advertisements for products or services, "pyramid schemes", "spam", "chain mail", "junk mail" or "junk fax"; (xi) Using or attempting to use the Service or any SKYRIM website to send altered, deceptive or false source-identifying information; (xii) Attempting to decipher, decompile, disassemble or reverse engineer any of the software comprising or in any way making up a part of the Service or any SKYRIM website; (xiii) Interfering or attempting to interfere with the access of any user, host or network, including without limitation, sending a "virus" to the Service or any SKYRIM website, overloading, "flooding," "spamming," "crashing," or "mailbombing" the Service or any SKYRIM website; and/or (xiv) Impersonating or misrepresenting your affiliation with any person or entity. Such prohibited actions include, but are not limited to: using the Service to host a web server site which attracts excessive traffic at your Premises, continuously uploading or downloading streaming video or audio, UseNet hosting, or continuous FTP uploading or downloading. In the event that SKYRIM detects excessive use by you, SKYRIM may restrict your access to SKYRIM network, increase the fees associated with your Service, including upgrading you to a higher class of Service, or terminate your Service. SKYRIM has the right but not the obligation to restrict any use of the Equipment or Service that SKYRIM believes in its sole discretion violates the Agreement or applicable law.

(c) You also expressly agree not to use the Service for auto-dialing, continuous or extensive call forwarding, telemarketing, fax broadcasting or fax blasting, or for any other use that results in excessive usage inconsistent with normal calling patterns. In addition to your indemnification obligations under this Agreement, you will defend, indemnify and hold SKYRIM, its affiliates, and their agents and suppliers harmless against any and all claims, losses, or liability arising under this section. The foregoing sentence will survive termination or expiration of the Agreement for any reason.
